

The TAXGATE China desk offers professional and strategical services to Chinese clients in the tax area. We always focus on the successful implementation of your business expansion strategy.

Services Inbound transactions

We provide for Chinese clients a number of services by our experienced team, among these are:

- Consider all tax aspects of an investment in Germany (acquisition, merger, branch, joint venture etc.)
- Advise on legal form of operations and reorganization
- Assist with incorporation of a new German entity
- Prepare tax returns according to German tax law
- Review tax aspects for executives locating to Germany
- Advise on European tax law and European tax court decisions
- Structure and document audit-proof transfer pricing concepts

Our approach is to generate sustainable solutions that allow tax optimization without aggressive tax planning, which can be harmful in the sense of corporate social responsibility and may end in a long-term tax dispute.

Following the successful business set-up in Germany, our ongoing services are

- Financial accounting and statements
- Preparation of statutory and tax books
- Perform regular tax reporting to headquarter in China
